Dear Ms Tucker,

Renewal of Commission Determination – PNG Route

Thank you for your letter inviting Pacific Air Express to express its interest in renewing Determination [2010] IASC 105 which allocates 17.5 tonnes of freight capacity weekly on the Australia-PNG route. The Determination is due to expire on the 24th June 2015.

Pacific Air Express is fully utilizing this freight capacity allocation, and we seek renewal of the Determination for a further five year period from the 24th June 2015.

Should you require any additional information to support our application for renewal of the Determination, we would be pleased to assist.

Yours sincerely,

Gary Clifford
Managing Director
