Dear Ms <sup>Marlene</sup>Tucker

**Re: Renewal of Commission Determination**

I refer to your letter of 16 March 2017 inviting Virgin Australia International Airlines Pty Ltd (Virgin Australia) to express its interest in the renewal of Determination [2013] IASC 121, which allocates 400 seats per week of capacity for own stopover traffic between Singapore and Colombo and is due to expire on 27 March 2018.

Virgin Australia offers code share services on the Australia – Singapore – Colombo vv route on flights operated by Singapore Airlines and utilises capacity allocated by Determination [2013] IASC 121 to enable passengers to include in their itineraries a stopover in Singapore en route to Colombo. As our utilisation of this capacity continues to be variable, we wish to retain our full allocation and accordingly seek renewal of the abovementioned determination, including all relevant conditions, for a period of five years from 28 March 2018.

We would be pleased to provide any further information the Commission may require in considering our application for renewal. Should you have any queries, please contact me on (02) 8093 7114.

Yours sincerely

Lee-Anne Tomkins  
**Head of Government & International Relations**
