Dear Ms Tucker,

Renewal of Commission Determination

Thank you for your recent letter inviting Pacific Air Express to express its interest in renewing Determination [2009] IASC 134 which allocates 17.5 tonnes of freight capacity weekly on the Australia-PNG route. The Determination is due to expire on the 16th December 2014.

Pacific Air Express is fully utilizing this freight capacity allocation, and we seek renewal of the Determination for a further five year period from the 16th December 2014.

Should you require any additional information to support our application for renewal of the Determination, we would be pleased to assist.

Yours sincerely,

Gary Clifford
Managing Director
