Dear Ms Tucker

Re: Renewal of Commission Determinations

I refer to your letter of 5 September 2018, inviting us to express our interest in the renewal of those determinations allocating capacity to Virgin Australia Airlines (SE Asia) Pty Ltd (VAASEA) which are due to expire within the next 12 months.

Fiji route – [2013] IASC 138

VAASEA continues to operate services to Fiji utilising capacity allocated under Determination [2013] IASC 138. We therefore seek renewal of this determination, including all existing conditions, for a period of five years from 20 September 2019.

Cook Islands route – [2013] IASC 137

VAASEA continues to operate services to the Cook Islands utilising capacity allocated under Determination [2013] IASC 137. As you are aware, we have an application before the Commission for variation of this determination, to effect a transfer of the capacity to Virgin Australia International Airlines Pty Ltd (VAIA) and to authorise the utilisation of such capacity by another Australian carrier which is a wholly-owned subsidiary of VAIA (namely Tiger International Number1 Pty Ltd). Assuming our application for variation is approved by the Commission, we subsequently wish to seek renewal of this determination for a period of five years from 20 September 2019 and request that such renewal is granted subject to all conditions contained in the determination as varied.

Should you require any additional information, please do not hesitate to contact me on (02) 8093 7114.

Yours sincerely
