Dear Ms Ackar,

RE: APPLICATION FOR CAPACITY – TIMOR-LESTE ROUTE

From Northern Winter 2022, Qantas Airways Limited (Qantas) plans to increase services on the Timor-Leste route to operate daily services between Darwin and Dili using Embraer E190 aircraft.

Allocation Sought

In order to facilitate these additional services, Qantas seeks an allocation of two frequencies per week on the Timor-Leste route:

- for a period of five years from the date of the determination; and
- on the basis the capacity will be fully utilised by 30 November 2022.

We would be pleased to provide any further information the Commission may require.

Yours sincerely,

Anna Pritchard
