Dear Mr Johnson,

#### **APPLICATION FOR VARIATION – SINGAPORE ROUTE**

As part of a code share arrangement between Qantas Airways Limited (Qantas) and InterGlobe Aviation Limited (IndiGo), it is proposed that IndiGo offer code share services on flights operated by Qantas on the Singapore route from 1 October 2023, or as soon as all necessary approvals have been received.

A copy of the confidential code share agreement between Qantas and IndiGo will be provided separately to the Commission.

#### **Variation sought**

Qantas seeks a variation to Determination [2017] IASC 131, which allocates unlimited capacity on the Singapore route, to permit IndiGo to code share on Qantas operated services. The variation is requested for the duration of the Determination.

#### **IASC Act and Policy Statement Considerations**

We request that this application be considered against the ‘reasonable capability criterion’ as defined in section 8 of the Minister’s Policy Statement.

We would be pleased to provide any further information the Commission may require.

Yours sincerely,

**Anna Pritchard**  
Executive Manager, Government, Industry & Competition
