Dear Ms Ackar,

### **APPLICATION FOR VARIATION OF DETERMINATIONS**

Australia's air services arrangements with Canada and Chile have recently been updated to change (among other things) the expression of capacity from seats to services. Qantas Airways Limited (**Qantas**) wishes to vary its determinations on these routes to reflect these updates.

#### **Canada route – Determination [2023] IASC 133**

Qantas requests a variation to Determination [2023] IASC 133 to change the capacity allocated from 708 seats to three services per week. Qantas requests that all existing conditions be retained.

#### **Chile route – Determination [2024] IASC 125**

Qantas requests a variation to Determination [2024] IASC 125 to change the capacity allocated from 1,847 seats to seven services per week. Qantas requests that all existing conditions be retained.

#### **IASC Act and Policy Statement Considerations**

We request that this application be considered against the 'reasonable capability criterion' as defined in section 8 of the Minister's Policy Statement.

We would be pleased to provide any further information the Commission requires.

Yours sincerely,

**Anna Pritchard**  
Executive Manager, Policy, Industry and International Affairs
